Dear Seafood & Wine Festival Applicant,

Thank you for your interest in Newport's 50th Annual Seafood & Wine Festival on the picturesque Oregon coast, which is slated for February 25 - 28, 2027.

This event, ***The Original and Still the Best*** combines the perfect blend of fun and excitement.

We invite all Pacific NW wineries, seafood restaurants and craft artists to apply to be a vendor at this event. The Newport Seafood & Wine Festival encourages fresh seafood, small and large production wineries and artists featuring their uniquely crafted creations to be part of the fun.

The Newport Seafood & Wine Festival is held in an outdoor tented venue located at the Port of Newport and attracts a large audience of visitors; over 20,000 people to Newport from all over the Pacific NW and beyond.

This year will again feature our Annual Seafood Chowder Cook-off, our 4th year. A panel of judges will blind taste each entry. Prizes to be awarded for display during the show. You must be an accepted vendor to enter. People's Choice to be announced on Sunday at the festival.

Our event is also looking forward to featuring our Rawsome Oyster Bar in it's second year at the festival. And we are working on our music line up and will feature a few local favorites.

The vetted vendor space is limited so please send in your completed application as soon as possible.

Incomplete applications will not be considered

Applications will be ranked by the Seafood & Wine Festival Committee for placement consideration; additional points will be given to Seafood Chowder Competition participants, Newport Locals and offers of multiple Seafood items on your menu.

The application deadline is September 18, 2026. **If selected, you will be notified and payment will be due when you pick your booth space.** Details will follow in your acceptance letter. If you are not accepted; you will be placed on a waiting list and notified if there is an opening for your booth type.

Please visit our website www.newportchamber.org or call 541-265-8801 for further information.
